

## **Update from California Water Commission**

---

**Summary:** Vice Chair for the California Water Commission, Paul Kelley will provide a brief presentation on the role of the California Water Commission, their 2011 workplan and provide a brief explanation of their commitment and role working with the Delta Stewardship Council in implementing the Delta Plan.

---

### **Background**

California's comprehensive water legislation (SBX7), gave the Commission new duties to evaluate and make recommendations for surface storage. In addition, the Commission advises the Director of the Department of Water Resources on matters within the Department's jurisdiction, approves rules and regulations, and monitors and reports on the construction and operation of the State Water Project. Mr. Kelley will brief the Council on the role of the California Water Commission and explain the activities outlined in their 2011 workplan. Mr. Kelley will also speak briefly on the California Water Commission's commitment in working with the Delta Stewardship Council and their role in implementing the Delta Plan.
